MUSLIMAH  
ROLE MODELS FOR THE MUSLIMAH

With the sheer grace and mercy of Allah Ta'ala, the “#21DayLockdown Home Madrasah” (with seven extra days, due to the Lockdown extension) has been successfully completed. Alhamdulillah, all praise is due to Allah Ta'ala alone that this programme was very well received. May Allah Ta'ala accept the efforts of the students, the asaaticah and all others involved, make it a means of hidaayat and be pleased with all of us.

Due to numerous requests, and since this Ramadhaan is going to be somewhat different from others, due to the current situation, we have decided to commence a “#20DayRamadhaan Home Madrasah”. However, since the primary focus of every individual needs to be engaging in excessive tilaawah and 'ibaadah during this blessed month, the madrasah has been designed accordingly. Hereunder are the details:

## Subjects:

1. Correct recitation of 'main' surahs - By: Mf. Muhammad Rawat.
2. Explanation of a few amazing du'aas of Nabi (sallallahu 'alaihi wasallam) – By: MI.

Muhammad Ilyas Patel & MI. Zahir Karim.

3. Selected ahaadeeth from the Shamaa-il of Imaam Tirmizi (rahimahullah) on the noble characteristics of Nabi (sallallahu 'alaihi wasallam) – By: MI. Ebrahim Salajee & MI. Ahmad Paruk.

4. Stories of the pious for children.

### **How it Works?**

If you have already signed up for “#21DayLockdown Home Madrasah”, you will continue receiving the lessons for “#20DayRamadhaan Home Madrasah” as well. If not, the procedure is as follows:

1. Click [here](#) to sign up for the course. [\[1\]](#)
2. You will receive an email every morning (around 10am) with the links to the audio lessons for the day.
3. The lessons will be approximately 5-10 minutes each. Thus, each day's lesson should take about 40 minutes.
4. Preferably, the entire family should choose a suitable time, sit together and listen to the lessons of the day. If it is difficult to listen to all the lessons at once, they may be listened to separately.

### **Important Note:**

An important point to note is that the month of Ramadhaan is to be dedicated as much as possible to nawaafil, tilaawah of the Quraan Majeed and other 'ibaadah. If one's time is constructively engaged in these aa'maal, alhamdulillah. One should then not engage one's time

in anything else. As for those whose motivation seems to be waning, the “Home Madrasah” has been designed to try and keep up the spirit of Ramadhaan so that the time is then used constructively.

Therefore, if listening to the “Home Madrasah” will be taking you away from your tilaawah and ‘ibaadah, you should give preference to that over the madrasah. You may always listen to the recordings after Ramadhaan insha-Allah.

May Allah Ta’ala allow us to truly benefit from this blessed month and may He be keep us and our loved ones in His total pleasure with complete ease.
