

Rasulullah (sallallahu alaihi wa sallam) said, “When a woman performs her five daily salaah, keeps the fast of Ramadaan, remains chaste and pure, and she obeys her husband then she may enter Jannah through whichever door she desires.” (Saheeh Ibnu Hibbaan #4163)

Subhanallah! What a simple prescription for women to gain everlasting success. A woman has to simply do the following:

- Be obedient to Allah Ta’ala.
  
- Protect one’s chastity. This requires that she does not intermingle with strange men, lower her gaze, and fully cover herself if she leaves the home out of necessity.
  
- Be obedient to her husband within the limits of deen.

While this is the prescription for the everlasting success of the hereafter, it is also the prescription for harmony and happiness in one’s marriage.
